

Dear Neighborhood President,

The Arlington County Civic Federation is looking for help from you and your neighborhood for the County Fair. Specifically we need information about your organization and if possible some volunteers.

From August 19 – 22 the Civic Federation's Arlington County Fair booth will focus on providing Arlington residents with information about their neighborhood civic association. The goal is to describe why neighborhood participation is an important part of living in Arlington. As part of this effort, we want to be able to provide some information about the events which each of your organizations sponsor and the issues which you address on behalf of your members. The Civic Federation is asking for two things from your neighborhood:

1 - Please fill in the information requested on the attached form. The first page of the attachment is the blank format we would like you to use, and the second page is an example of a completed sheet. By July 23 please send your completed form to me on peterolivere@civfed.org.

2 – Volunteers from your neighborhood to supplement the Civic Federation volunteers who have already signed up to staff the booth at the Fair for a couple of hours during any time slot on Aug 19 – 22. Volunteers should contact me on peterolivere@civfed.org.

Thank you for your support of community involvement in Arlington.

Best regards,

Pete Olivere, Secretary
Arlington County Civic Federation
